

ILL, BUT STILL WANT TO ATTEND YOUR LESSONS AS IF YOU WERE IN CLASS?

Use **Bednet!**

Follow your lessons online & remain part of the class group

Bednet is a form of **online remote learning** for pupils who are ill and, regularly or for long periods, unable to go to school. With Bednet they can follow lessons online, with their classmates.

"The Bednet class-set goes along everywhere. When the class goes to practice for the school party, I'm taken to the gym so that I can dance with my classmates."

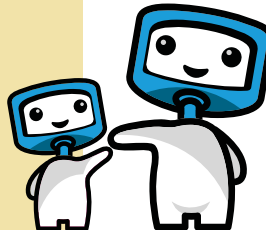

Noéline, Bednetter

"Having this equipment in the class is a great help. It enables Yasser to follow difficult maths lessons perfectly." Wout,
Teacher 5th year primary

Why choose Bednet?

- Bednet is **FREE** for schools and families
- Bednet provides all the necessary **computer equipment**
 - You can apply for Bednet **at any time** – there is no waiting list
 - Bednetters remain involved in class activities
 - Bednet can be combined with going to school or other educational support

When can you use Bednet?

- You are **full-time, part-time or regularly absent** from school due to illness, an accident, an operation or maternity leave
- You have a **medical certificate**
- You attend **kindergarten, primary or secondary education** (in Flanders or Brussels)
- You are **at least 5 years old** (or 3rd kindergarten class)

Customised assistance

For each Bednet programme there is a **programme supervisor**. This person is the contact for everyone involved and assists you when necessary with the preparation and use of Bednet throughout the whole programme.

- You will find **info, tips and videos** on how to organise, prepare and follow Bednet on our website.
- Any questions? Our team is available every day to help you as quickly as possible.

Apply to Bednet

You can do so at any time & without a waiting list!

- Surf to **www.bednet.be** or scan this **QR code**
- Complete the form
- We will get in touch with you as soon as possible
