

# Not at school, but still attending class?

That is Bednet!

**Bednet**  
Mee met de les, en al de rest

## What is Bednet?

Is your child **often or for a longer time unable to attend school**? Bednet allows your child to attend lessons online, as if they were actually in the classroom.

A **Bednet-set** is installed in the classroom. Your child can remotely turn the camera, zoom in and out, they can raise their hand and so much more!

Best of all? Bednet is **completely free of charge!**

## Keep up with the lessons - and everything else!

With Bednet, your child will not only keep up with the subjects and learning material, but also with **everything that is going on in the classroom**.

We can help you at every step:

1. Free ICT equipment for you and the school.
2. You will be assigned a personal programme supervisor: a dedicated contact person who supports everyone throughout the entire Bednet programme.
3. **help.bednet.be** contains a comprehensive helpdesk zone with information, tips, and tutorials.
4. Questions or problems? Our helpdesk team will swiftly provide support.

## Bednet helps your child to...

- Keep learning and not fall behind.
- Stay connected with classmates and feel part of the class community.
- Maintain a daily routine.
- Allow a smoother re-entry into (fulltime) school attendance.

## Whom is Bednet for?

Bednet is available for children who are absent for a longer period or on a regular basis due to:

- Illness
- An accident
- Surgery
- Mental health issues
- Maternity leave
- Admission to a secure facility

**Important:** Your child will need a medical certificate unless they are staying in a secure facility.

## Bednet is available...

- In all Dutch-speaking schools in Flanders and Brussels.
- For children in nursery school, primary and secondary education (from age 5).
- In both regular and special needs education.
- If regular use is expected: at least 4 weeks or 36 half days - spread out or consecutive.

**Important:** You do not have to wait until your child has been absent for 4 weeks to apply for Bednet.

## Our Bednet equipment

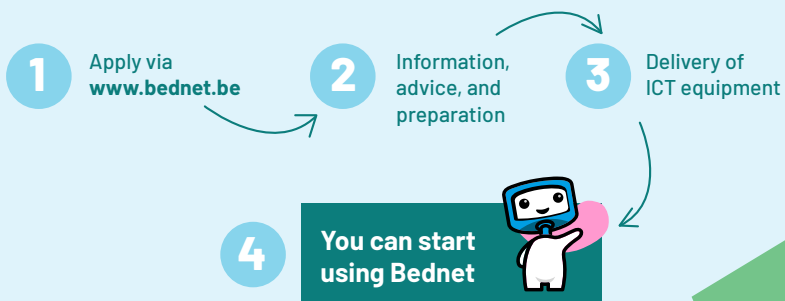

Our Bednet equipment comes **free of charge** and is specifically designed for situations where your child is remotely attending lessons while their class remains on site.

## Frequently Asked Questions

### 1. Is Bednet really free of charge?

Yes, it is! For your family and for the school.

### 2. I do not have a laptop, or my internet connection is poor. Now what?

Do not worry! We will send a laptop free of charge, and we will arrange for a better internet connection free of charge, if necessary.

### 3. My child occasionally still attends school. Can I still apply for Bednet?

Definitely! Your child can combine Bednet with physical school attendance, TOAH [temporary home teaching], hospital school, ...

## Good to know:

- You do not have to wait until your child has already been absent for a while.
- No waiting list: your child can start within a few days.
- Applications can also be made in case of a planned absence (e.g. surgery).
